

## **WFSU's "Community Representation Statement"**

WFSU strives to be representative of its community with programming, staff, and through members of the WFSU Community Council. The organization is not required to have a CAB, but we utilize feedback from the Community Council in much the same way as a CAB.

The goals below are also found in WFSU's Diversity Statement.

- The work environment is such that each employee is positioned for success in pursuing and realizing their full potential within the organization.
- All stakeholders (staff, students, volunteers, visitors and audiences) have the opportunity to be included and to do their best work for the organization in order to realize the common goal of organizational excellence.
- A climate exists that encourages respectful discourse on diversity and creates opportunities for interaction and cross group learning.
- All employees are included in work that supports the organization's mission, vision and values, while recognizing each individual's uniqueness and creativity.
- The organization is known as a place where opportunities exist for the professional development and advancement of all employees.
